## ADENIYI & RANTI

### Independent Artists & Creator

#### Invitation to Host *Renewal (A Two-Man Musical)* in Your Church or Organization

We, Adeniyi and Ranti, two independent artists working with SamOye Musical Consort Inc., seek the opportunity to share *Renewal (A Two-Man Musical): Addressing Marital Conflict from the Perspective of the Gospel of Christ* with your church family. The musical premiered in September 2023 and received many testimonies from our audiences at the five locations and three locations in November 2024, where we performed.

**About *Renewal Musical*:** Set against the backdrop of a bustling urban city, *Renewal* is a heartfelt glimpse into the lives of Aduke and Adesina, a Christian married couple navigating the complexities of their relationship. The musical begins with fond memories of how they first met but spirals into moments of conflict that reveal a performance-based love instead of one rooted in Christ-like service. As their relationship deteriorates, they face the question: Can their marriage be restored?

This 90-minute production combines original music across various genres, blending Western and African influences, to create a moving and memorable experience for all ages. Whether married, single, or seeking a biblical perspective on relationships, *Renewal Musical* has something meaningful to offer everyone. Past audiences have left inspired to strengthen their relationships and share the transformative message with others.

#### Why *Renewal Musical* Matters

Marital conflicts have become a common phenomenon in our society, even among Christians, which goes against God's original and perfect plan for marriage and family. This issue has far-reaching consequences, for both the couples involved and their children, contributing to the moral decay of our society and the world. Many members of our audience have been affected by conflicts in their families, either as spouses or as children.

According to recent studies, almost 25% of Christian marriages end in divorce, and this percentage is increasing, particularly among younger believers. This figure is now comparable to the secular divorce rate. It is now more important than ever to remind our fellow believers that marriage is a sacred institution, and it is crucial to keep God and His teachings at the center of it to ensure its success. *Renewal Musical* aims to show that the marriage union is nothing without God and His word at its center.

The musical encourages couples to be transformed by the scriptures and not conform to the non-biblical culture that promotes transactional-based love. It reminds couples to seek Godly counsel, especially in their local church assembly and from other Christian professional resources available to them.

## What We Offer

*Renewal Musical* offers an engaging and spiritually enriching experience, perfect for churches, Christian organizations, and marriage ministries. We believe it will be a blessing to your congregation as it addresses real-life marital challenges through the lens of the Gospel. It is open to all ages and statuses.

## About SamOye Musical Consort Inc.
